

Material Safety Data Sheet

Product Name:	-Galactosidase (<i>Escherichia coli</i>)
Product Code:	BG13
Composition:	50% glycerol used as a stabilizer.
CAS #:	56-81-5
Hazard Identification:	We are unaware of any hazards for this product other than those associated with the 50% glycerol used as a stabilizer. May be harmful by inhalation, ingestion, or skin absorption. Causes eye irritation. May cause skin irritation.
First Aid Measures:	In case of contact: Eyes - Irrigate with plenty of water for at least 15 minutes. Skin - Irrigate with plenty of water for at least 15 minutes. Inhalation - Remove to fresh air. Call a physician if breathing becomes difficult. Ingestion - Wash out mouth with water. Call a physician.
— IF IN DOUBT, SEEK MEDICAL ADVICE —	
Firefighting Measures:	Water, CO ₂ , dry chemicals. Wear self-contained breathing apparatus and protective clothing. Contact with strong oxidizers may cause fire or explosion.
Accidental Release Measures:	Wear suitable protective clothing. Absorb on sand or vermiculite and place in a closed container for disposal.
Handling/Exposure Controls:	Wear appropriate NIOSH/MSHA approved respirator, chemical resistant gloves, safety goggles and other protective clothing.
Storage:	Not identified
Physical and Chemical Properties:	Viscous, colorless liquid
Stability and Reactivity:	Stable. Avoid excessive heat. Incompatible with strong oxidizing agents. Hazardous decomposition byproducts include carbon monoxide and carbon dioxide. Hazardous polymerization will not occur.
Toxicological Information:	Signs/symptoms of exposure including nausea, headache and vomiting.
Ecological Information:	Not available
Disposal Information:	Incinerate in a furnace equipped with an afterburner and scrubber. Observe all federal, state and local laws.
Transport Information:	Not available
US Regulatory Information:	Not available

The above information is supplied in good faith and is believed to be correct. It does not claim to be all-inclusive and is intended to be used only as a guide. Final determination of the suitability of any material is the sole responsibility of the user. ProZyme shall not be held responsible for any damage resulting from handling or contact with the above product. This product is intended for *in vitro* research only.
