

Material Safety Data Sheet

Product Name:	Glyko® GlycoSep™ N Guard Column
Product Code:	GKI-4728G
Composition:	Modified silica matrix
CAS #:	None
Hazard Identification:	Potential health effects.
First Aid Measures:	In case of contact: Eyes - May cause eye irritation. Skin - May cause skin irritation. May cause more severe response if skin is abraded or through skin absorption. Inhalation - May be harmful by inhalation of matrix. Vapors are unlikely due to physical properties. Ingestion - Possible toxicity if swallowed. Harmful effects not anticipated from swallowing small amounts.
— IF IN DOUBT, SEEK MEDICAL ADVICE —	
Firefighting Measures:	Not combustible.
Accidental Release Measures:	Spilled material may cause a slipping hazard. Use appropriate safety equipment.
Handling/Exposure Controls:	Do not expose eyes, skin or respiratory tract. Use impervious rubber gloves and wear a lab coat, and eye and respiratory protection. Use with mechanical exhaust. Wash thoroughly after handling.
Storage:	Keep containers tightly closed. Store at ambient (+4°C to +35°C) in a ventilated place.
Physical and Chemical Properties:	White silica matrix.
Stability and Reactivity:	Stable. No hazardous decomposition products.
Toxicological Information:	Not available.
Ecological Information:	Not available.
Disposal Information:	Do not dump into any sewers, on the ground, or into any body of water. Incinerate solid in accordance with government regulations.
Transport Information:	Not available.
US Regulatory Information:	Not available.

The above information is supplied in good faith and is believed to be correct. It does not claim to be all-inclusive and is intended to be used only as a guide. Final determination of the suitability of any material is the sole responsibility of the user. ProZyme shall not be held responsible for any damage resulting from handling or contact with the above product. This product is intended for *in vitro* research only.
