

Material Safety Data Sheet

Product	GLYKO® PNGase F (Peptide N-glycosidase F from <i>Chryseobacterium [Flavobacterium] meningosepticum</i>)
Catalog number	GKE-5003
Composition	Solution in 20 mM Tris-HCl, 50 mM NaCl, 50% glycerol (pH 7.5)
CAS #	83534-39-8
Hazard identification	Non-hazardous but possibility of allergic response arising from prolonged and/or repeated exposure in sensitive individuals.
First aid measures	In case of contact: Eyes - irrigate with plenty of water. Skin - wash with soap and water. Inhalation - move to a well ventilated area and clear nose and throat. Ingestion - drink plenty of water, and seek medical attention. IF IN DOUBT, SEEK MEDICAL ADVICE.
Fire fighting measures	Water spray, dry chemical powder or appropriate foam according to surrounding fire conditions.
Accidental release measures	Wash spill site with copious amounts of water.
Handling/exposure controls	Handle in accordance with Good Laboratory Practice. Wear appropriate protective clothing (safety spectacles, gloves, laboratory coat).
Storage	Store at 4°C or -20°C
Physical and chemical properties	Colorless liquid
Stability and reactivity	Not combustible
Toxicological information	Toxicological, carcinogenic and mutagenic properties have not been investigated.
Ecological information	Data not available
Disposal information	No special requirements. Dispose of according to local regulations.
Transport information	Contact ProZyme for transportation information.
Regulatory information	Data not available.

The above information is believed to be correct and is derived from currently available information on all the ingredients in this product and with consideration to the quantities present. It does not claim to be all inclusive and shall be used only as a guide. ProZyme shall not be held responsible for any damage resulting from handling or contact with the above product. This product is intended for *in vitro* research only.
